

(2018-19)

S.No	Course Name	Gaps Identified(2018-19)
1	C++	Advanced C++ training
2	Data communication and Computer Networks	Advanced concepts in Computer Networks
3	Operating Systems	Awareness of Scheduling Algorithms

(2017-18)

S.No	Course Name	Gaps Identified(2017-18)
1	Data Ware Housing & Data Mining	Knowledge in Data Mining Tools
2	Cloud Computing	Future trends in Cloud Computing
3	Object Oriented Programming(JAVA)	Knowledge on advanced concepts related to Java
4	Network security	Awareness on security threats

(2016-17)

S.No	Course Name	Gaps Identified(2016-17)
1	C++	Advanced C++ training
2	Data Ware Housing & Data Mining	Analysis of Big Data
3	Web Technologies	Latest trends in Programming Languages
4	Scripting language	Awareness on Python Programming Language
5	Design and Analysis of Algorithms	Knowledge on Performance analysis of Algorithms

(2015-16)

S.No	Course Name	Gaps Identified(2015-16)
1	Web Technology	Help to connect applications using web-service technologies
2	Data Base Management System	Advance concepts of Database
3	Information security	Awareness on Security Protocols
4	Software Testing Methodologies	Knowledge related to latest trends in Testing
5	Object Oriented Programming (JAVA)	Understanding Java Packages
6	Design and Analysis of Algorithms	Knowledge on Performance analysis of Algorithms
