

MENTORING SYSTEM TO HELP AT THE INDIVIDUAL LEVEL

Type of mentoring: Professional guidance/career advancement/ coursework specific /laboratory specific/all-round development. The Number of faculty mentors: Number of students per mentor: Frequency of meeting:

(The institution may report the details of the mentoring system that has been developed for the students for various purposes and also state the efficacy of such a system)

The institution is determined to enhance the institutional culture to serve the needs of an ever – changing and dynamic learning community. Effective mentoring begins with the faculty involvement. When it comes to academic success and persistence, there is no substitute for a healthy relationship between faculty and students. Each counselor is allotted with 15 to 20 students. Mentoring activity starts with identifying bright and weak students by their previous academic achievements and records.

To extend counseling and support to student’s counselors perform the following functions

- Analyze the academic performance and advice for the improvements.
- Discuss on the problems related to instructions in all courses.
- Help out when personal issues interferes with academic progress.
- Identify the various career opportunities and guide to choose the right career path.
- Encourage the student to face the interviews and build confidence levels.
- Guide the students to set future goals, time management and acquiring planning skills.

Encourage academically weak students to perform better

For the purpose of Counseling the following process is implemented.

Mentoring/ Counseling Process

- At First year level, class is divided into three or four batches of 15 to 20 students are in each. One faculty member is assigned to a batch and is referred to as a student counselor.
- Exclusive Student Mentoring File is maintained by a counselor for each student which contains the following information's
 1. Student personal Details
 2. Performance in qualifying exams at entry level
 3. Academic performance
 4. Curricular and Co-Curricular Activities
 5. Future Ambitions

For every fortnight the students are counseled by the counselor. The mentoring system can help the students to enhance their academic growth and development, provides counseling whenever required and ensure to maintain regular support between parents and teacher community.

Career Advancement

The institute takes necessary steps to guide the students in their career advancement through a career guidance cell which has the following objectives.

- To provide the necessary information about various competitive examinations to the students.
- To organize the coaching classes to various competitive exams such as GATE, TOEFL, IES and IELTS etc.
- To ensure that the students possess the required study material of reputed coaching centers for competitive examinations.
- To provide information about various careers available in the competitive world.
- To organize various career development seminars and workshops.
- To invite experts from various companies to interact with students.
- To train the students in soft skills and personality development which are essential for employment and successful career.

Course work specific / laboratory specific

The respective departments have established a good mentoring system at their own level to mentor the students regarding the coursework and laboratory. The students are counseled by the faculty regarding academic performance, encouraged to clear backlogs if any, providing assistance in carrying out additional laboratory experiments.

The efficacy of such a system has been observed through the regular placement of students in various companies, course completion in prescribed period regular gate ranks and involvement of students various in co-curricular activities.
