DEPARTMENT OF HUMANITIES AND SCIENCES

MAPPING OF COURSE OUTCOMES-PROGRAM OUTCOMES

The following points are adhered to by the Program Curriculum Committee to improve the student attainment target during learning process to meet the Course Outcomes.
1. Defining Course Outcomes.
2. Mapping COs with Program Outcomes and Program Specific Outcomes.
3. Attainment of Program Outcomes.
4. Identification of curriculum gaps.

Sample Course Outcomes & Mapping:

Subject & Code: English for Skill Enhancement & 22EN201HS

Regulations: R22Course Outcomes(COs): At the end of the course, the students will be able to:

Course Outcome	Explanation
CO1	Apply principles of English grammar effectively to improve language skills.
CO2	Recognize the significance of vocabulary and sentence structures for effective oral and written communication.
CO3	Showcase understanding of the rules of functional grammar.
CO4	Enhance comprehension skills through both familiar and unfamiliar passages. Demonstrate basic proficiency in English reading and writing modules.
CO5	Actively engage in analyzing paragraphs, letters, essays, abstracts, précis, and reports in diverse contexts.
