The mechanics of aerobic exercise require that oxygen be brought in by the lungs and transferred to the blood vessels. Oxygen rich blood is then pumped by the heart to the muscles. The muscles utilize oxygen for muscle contraction. Through routine aerobic activity, the body becomes more efficient at processing oxygen. Examples of aerobic activity include running, jogging, biking, rowing, walking. In fact any exercise that incorporates large muscle groups, raises the heart rate, breathing rate and body temperature is aerobic in Fitness Level gains are determined by Frequency, Intensity and Duration of the Aerobic exercise. Each session (duration) should last from 20 to 60 minutes and be performed 3 to 5 days per week (frequency) at an intensity level measured by heart rate (60% - 90%) according to the American College of Sports Medicine.

WOMEN'S EMPOWERMENT CELL

Women's Empowerment cell of Balaji of Technology & Science, Warangal established in 2007 in accordance with the guidelines issued by UGC and MHRD, and in line with the Supreme Court ruling of 1997 on the issue of sexual harassment in the work place. Women's Empowerment Cell is formed to empower and uphold the rights of Women at work. The college aims to provide a dignified, safe, and healthy working and learning environment for employees and students free from discrimination and sexual harassment. It aims to provide a dignified, safe, and healthy working and learning environment for employees and students free from discrimination and sexual harassment. It also cultivates the atmosphere where men and women work together towards the growth and prosperity of the institution in a safe and healthy academic environment.

Objective Event

The college commemorates International Women's Day it is a time for all of us to pause and reflect on the progress made on women's rights globally. But more importantly, it is a time to call for an end to gender inequality in all spheres especially in the work spaces.

It is not self indulgence. Self care is self respect. And also if we treat ourselves and others with respect, we develop more pride and self-esteem.

On this International Women's Day, UN Women calls upon all actors to Step It Up for Gender Equality towards a Planet 50-50 by 2030. Through the Step It Up for Gender Equality towards a Planet 50-50 by 2030 initiative, we envisage a world where all women and girls have equal opportunities and rights by 2030. To create awareness amongst students about the problems faced by women of all strata due to gender issues.

To create an environment of gender justice where men and women work together with a sense of personal security and dignity.

To enhance the self-esteem and self-confidence of girl students, women faculty and staff in the University. To foster decision-making ability in girl students for making informed choices in areas like education, employment and health. To develop critical thinking ability of women students. To inculcate team spirit in the students.

ELIGIBILITY:

I, II, III, IV-B.Tech, MBA girl students
