7.1.9.4 Braille Software:

7.1.9.4 Braille Software

Report: Balaji Institute of technology & Science provides Braille software for disabled students. Braille software is used mainly by people who are blind or deafblind. It is critically important to the lives of visually impaired people as the ability to read and write in braille opens the door to literacy, intellectual freedom, equal opportunity, and personal security. Teachers, parents and others who are not visually impaired tend to read Braille by sight rather than by touch.

Respected Madam,

Sub: Request to permit a scribe for a student (18C31A0249) to appear for B.Tech December-2019 University Examinations– reg.

* * *

With reference to the subject cited above, I hereby inform you that our student Ms.Narige Ramya bearing H.T.No. 18C31A0249, who is studying II-Year B.Tech I-Semester (EEE), got injured by dog bite. Hence she is unable to write the examinations with her right hand. She applied to me for a scribe requirement to appear for the forthcoming B.Tech December-2019 University examinations. I personally verified and satisfied regarding qualification of the scribe as per norms and that she will be provided a separate room and invigilator for all the examinations of the candidate.

In this regard, I request you to consider this and give permission to allot a scribe to the student and do needful to the student.

Thanking you,

Yours faithfully,
