Our BITS college is one of the prime education institutions in the rural area of Warangal with quality education.

Laknepally (Narsampet) is one of the most backward villages in Warangal rural district. It was deprived from the higher education institutions. It was observed keenly by Dr A. Rajendra Prasad Reddy, who is a reknown doctor by profession and hence decided to provide higher education to rural and backward area students in general and female students in particular.

The mission statement of our institution address the needs of the students and society at large, and at the same time it reveals the institutions traditions and value orientations and vision for the future generation. Provision of excellent, ethical and competent teaching to our students which would help them to develop their own character and career and to become self-reliant and be successful in national and global challenges. We provide this type of education to all those students who get admission in our college. As our mission states, to produce students with quality

education and provide them best opportunities by means of interaction with industries.

The success of the mission can be measured by means of placements that have been a remarkable part of the institution.

A good number of alumni have become a part of both private and public sectors and reached to a greater height.
