Brief Profile of
Balaji Institute of Technology and Science

Balaji Institute of Technology and Science, known as BITS is a Premier Institute offering quality education. Within a short span of time the Institution has emerged in Telangana as an entity to reckon with. Magnificent palatial Buildings, serene green Eco friendly environment, state of art world class laboratories are salient features of the Institution. Other prioritized domains are sports and cultural activities at the Institute. Discipline is the hallmark of BITS. It offers various UG & PG courses in Engineering. Students' welfare, academic growth, their placements and overall personality development is the motto. Our philosophy is "Success through Performance".

- Audio & Video CDs   YES/NO   - YES
- Internet Any other (specify)   YES/NO   - YES

OBSERVATIONS:

1. To make students totally involved in the teaching-learning process, alternate teaching techniques supplementing the traditional lecture method must be evolved. This shift from traditional to innovative methods should make teaching an exciting and interactive exercise. All categories of students (slow & advanced learners) must benefit from the change and must be motivated to self-learn at least part of the topics discussed in the class. The students must be participatory and not be passive targets. Towards this effort, teaching modules and lesson plans are organized.

RECOMMANDATIONS:

1. Students are involved in role-play, case studies and puzzle solving are some of the techniques used by several departments. Trouble shooting, Brainstorming sessions, Panel discussions and Management games are the tactics employed by the staff of Management Studies to make their wards industry-ready.

2. Student centered learning strategies have been initiated. Exercises are undertaken to enable students to acquire hands-on learning and first hand information from real life situations. A few significant methodologies are described below:

3. Industrial visits for experiential learning

4. Onsite – learning and field visits

5. Internships

6. Collaboration with NGOs, MOUs with industries for training

7. Projects / Pilot Studies / Surveys
